06 Mileage history

The miles, over time.

Follow the dated odometer readings. The chart uses miles; the records below keep their original units.

Recorded on	Odometer	Change in miles
17 Jun 2023	51,490 miles	First reading
15 Jun 2024	67,540 miles	+16,050 mi
14 Jun 2025	58,210 miles	-9,330 mi
10 Jun 2026	61,840 miles	+3,630 mi

07 MOT inspection history

MOT inspection history.

4 recorded tests. Most recent first, with the complete inspection notes.

10 Jun 2026

Passed

61,840 miles · Expiry 9 Jun 2027

Advisory. Rear brake discs worn, but not excessively.

14 Jun 2025

Passed

58,210 miles · Expiry 13 Jun 2026

No defects recorded.

15 Jun 2024

Passed

67,540 miles · Expiry 14 Jun 2025

No defects recorded.

17 Jun 2023

Passed

51,490 miles · Expiry 16 Jun 2024

Advisory. Front brake pads wearing thin.

08 Before you buy

Good questions. Clearer answers.

Take these questions to the seller. Keep the answers and supporting documents with this report.

01 Can you arrange written settlement confirmation from the finance provider before the sale?

02 Can you show the repair invoices, damage photographs and an independent inspection for the Category N record?

03 Can you explain the lower mileage reading in 2025 and provide dated service or MOT documents?

04 Can we compare the VIN on the car with the V5C and your supporting documents?

05 Can you show whether the latest MOT advisory has been inspected or addressed? (Rear brake discs worn, but not excessively.)
